Staff exercise

For ISR RTP exercise purposes only

It is critical to keep the R400 axis between Tolia and Byra open to allow freedom of movement. AG activities have been reported South along the R402 and on the Eri riverbank near Bamal.

- NAI 1Point X: junction of R402 + R400 + Eri River
- NAI 2: R400 axis from Tolia to Point X
- NAI 3: Axis between Point X to last bridge East over Eri river
- NAI 4: R402 axis between Eri river margin to Byra

Is critical to keep the R400 axis between Tolia and Byra FoM. AG activities have been reported South along the R402 and on the Eri riverbank near Bamal.

NAI 1Point X: junction of R402 + R400 + Eri River

Targets: ports, parking lots, logistics compounds, massive gatherings, markets, bridges status

NAI 2: R400 axis from Tolia to Point X

Targets: roadblocks, campfires, AG, IDP, side road villages status

For ISR RTP exercise purposes only

NAI 3: Axis between Point X to last bridge East over Eri river

Targets: ports, road/river blocks, campfires, AG, IDP, road/riverside trenches, bridges status

For ISR RTP exercise purposes only

NAI 4: R402 axis between Eri river margin to Byra

Targets: roadblocks, campfires, AG, IDP, side road villages status

Is critical to preserve the FoM on the Eri river and the railway and keep the international borders under surveillance for illegal entry.

- NAI 5: Eri River South of Moon Lake to the M6 bridge
- NAI 6: Railway from North of Byra to junction with M11
- NAI 7: East of Dafari to International Border to North of Byra

Is critical to preserve the FoM on the Eri river and the railway, the borders must be under surveillance for illegal entry.

NAI 5: Eri River South of Moon Lake to the M6 bridge

Targets: ports, river blocks, campfires, AG, IDP, riverside trenches, bridges status

For ISR RTP exercise purposes only

NAI 6: Railway from North of Byra to junction with M11

Targets: railway blocks, campfires, AG, IDP, railway road villages status, railway+road junctions

For NRP exercise purposes only

NAI 7: East of Dafari to International Border to North of Byra

Targets: campfires, AG, IDP, side road villages status, points of illegal trespassing

For ISR RTP exercise purposes only

Is critical to preserve the FoM on the Eri river between Moon and Blue lakes, on the railway and on N52 river from Qanabi to International border.

- NAI 8: Eri river from South of Blue Lake to North of Moon Lake
- NAI 9: Moon Lake banks and North/South connection with Eri river
- NAI 10: Railway from junction with M11 to bridge over Eri river
- NAI 11: N52 East axis from Qanabi to international border

Is critical to preserve the FoM on the Eri river between Moon and Blue lakes, on the railway and on N52 river from Qanabi to international border.

NAI 8: Eri river from South of Blue Lake to North of Moon Lake

Targets: ports, river blocks, campfires, AG, IDP, riverside trenches, bridges status

For ISR RTP exercise purposes only

NAI 9: Moon Lake banks and North/South connection with Eri river

Targets: ports, river blocks, campfires, AG, IDP, riverside trenches

For ISR RTP exercise purposes only

NAI 10: Railway from junction with M11 to bridge over Eri river

Targets: railway blocks, campfires, AG, IDP, railway road villages status, railway+road junctions, railway bridge

For ISR RTM exercise purposes only

NAI 11: N52 East axis from Qanabi to International border

Targets: roadblocks, campfires, AG, IDP, side road villages status, points of illegal trespassing

For IDF/DPKO/UNAS purposes only

Is critical to preserve the FoM on the R390, R391, R394, R400 and N52.

- NAI 12: R390/R391 from Nicada to provincial boundary
- NAI 13: R394/R400 from Nicada to Wales

Is critical to preserve the FoM on the R390, R391, R394, R400 and N52.

NAI 12: R390/R391 from Nicada to provincial boundary

Targets: roadblocks, campfires, AG, IDP, side road villages status

For ISR RTP exercise purposes only

NAI 13: R394/R400 from Nicada to Wales

Targets: roadblocks, campfires, AG, IDP, side road villages status

For ISR RTP exercise purposes only

Is critical to keep the international borders under surveillance for illegal entry.

- NAI 14: International border from West of Ganush to R156
- NAI 15: R156+N52 junction/International border to West of Dafari

Is critical to keep the International borders under surveillance for illegal entry.

NAI 14: International border from West of Ganush to R156

Targets: campfires, AG, IDP, side road villages status, points of illegal entry

NAI 15: R156+N52 junction/International border to West of Dafari

Targets: campfires, AG, IDP, side road villages status, points of illegal entry
