### Statement by the President of the Security Council

At the 5917th meeting of the Security Council, held on 26 April 2015, in connection with the Council's consideration of the item entitled "The question concerning Carana", the President of the Security Council made the following statement on behalf of the Council:

"The Security Council expresses its grave concern to the ongoing deterioration of the political, security and humanitarian environment in Carana, and the serious consequences for the population of this country and the region. It deplores the loss of life that has already occurred, and fears that the failure, thus far, to reach a political settlement may result in further bloodshed, and calls for an immediate end to hostilities.

"The Security Council commends the 8<sup>th</sup> Continent Regional Coalition (CRC) for its role in mediating between the parties and urges it to use its influence to promote a peaceful solution, stressing that the crisis in Carana can be resolved only through a negotiated political solution in which all parties, both those involved in the conflict and within the region, work actively to achieve such a solution.

"The Security Council firmly condemns the continued use force to influence the political situation in Carana and calls for a return to the principles of the 1991 constitution, and urges all parties to agree on terms for a lasting peace agreement that addresses the underlying causes of the conflict and re-establishes confidence among the parties.

"The Security Council also expresses its concern at the humanitarian consequences of the crisis in Carana. It calls upon the international community to provide urgent humanitarian assistance to those in need throughout the sub-region that are affected by the Caranian crisis. It also calls on all parties to provide unhindered access to the affected populations."

“The Security Council condemns the deaths of innocent civilians and human rights abuses in Carana and calls for such incidents to be fully investigated. The Council calls upon the Government and all other parties to respect human rights and take immediate steps, with support from the international community, to reverse the climate of impunity, particularly the use of children in armed conflict and the prevalence of sexual violence.

"The Security Council affirms its readiness to consider the active involvement of the United Nations, in coordination with the CRC, through concrete sustainable and effective measures, to assist in the implementation of an effective ceasefire agreement and in an agreed process for political settlement of the conflict.

“The Security Council will continue to monitor closely the situation in Carana and remains seized of the matter.”
