

Dates: **08-19 May 2023**

Location: **The UN Global Service Centre Brindisi, Italy**

## **Pilot Course on UN Force Protection Reinforcement Training Package**

---

### **Aim and Objectives:**

This pilot course aims to validate the draft of the UN Force Protection Reinforcement Training Package content developed in consultation with nominated Subject Matter Experts (SME). After the pilot course, the materials will be finalized and submitted to the Under-Secretary-General for Peace Operations for approval and disseminated to all Member States for implementation.

### **Target Audience:**

SMEs who are combat arms officers from Troop/Police Contributing Countries at the ranks of Major to Colonel with relevant experience in training and commanding military units in UN peacekeeping operations. SMEs will be requested to review the draft training materials, provide specific feedback, and contribute with additional lessons, learning activities or scenario-based exercises.
