

Module 5: MAINSTREAMING CHILD PROTECTION

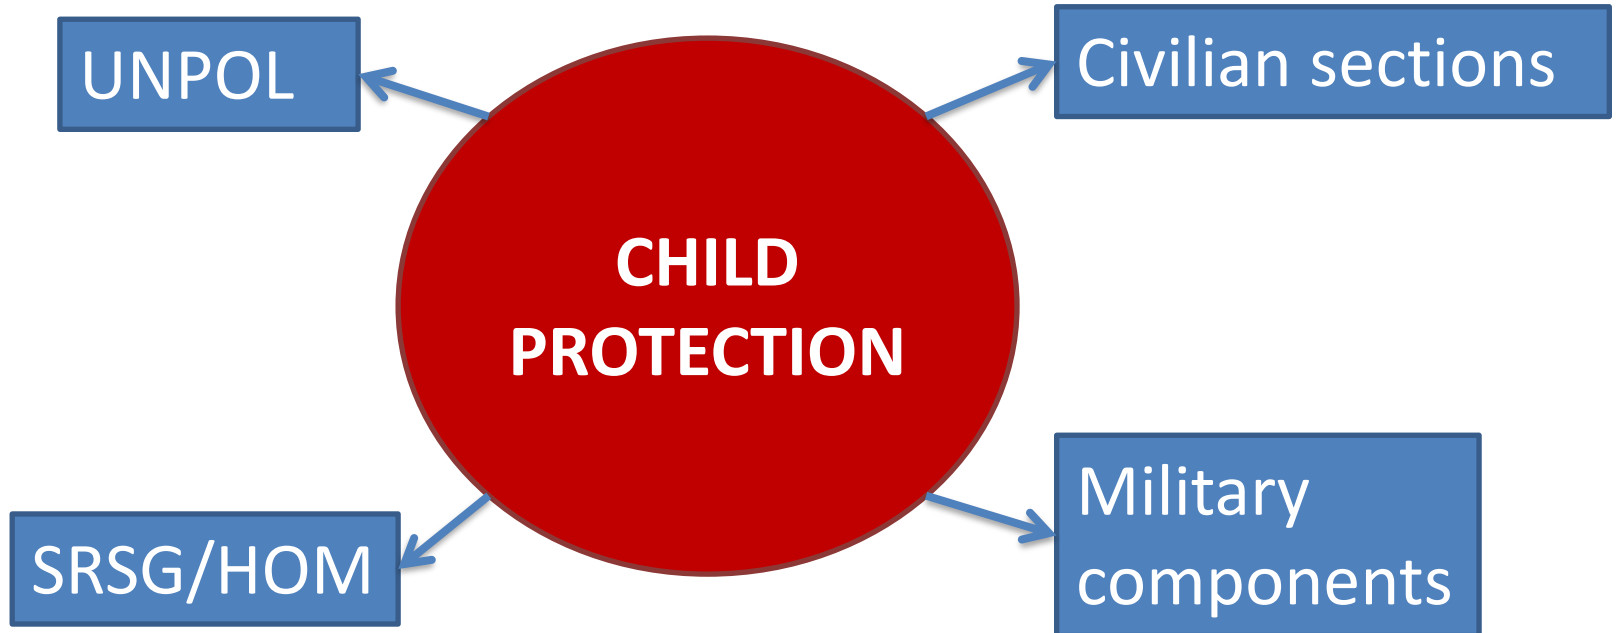

Learning objectives

By the end of this module, learners will be able to:

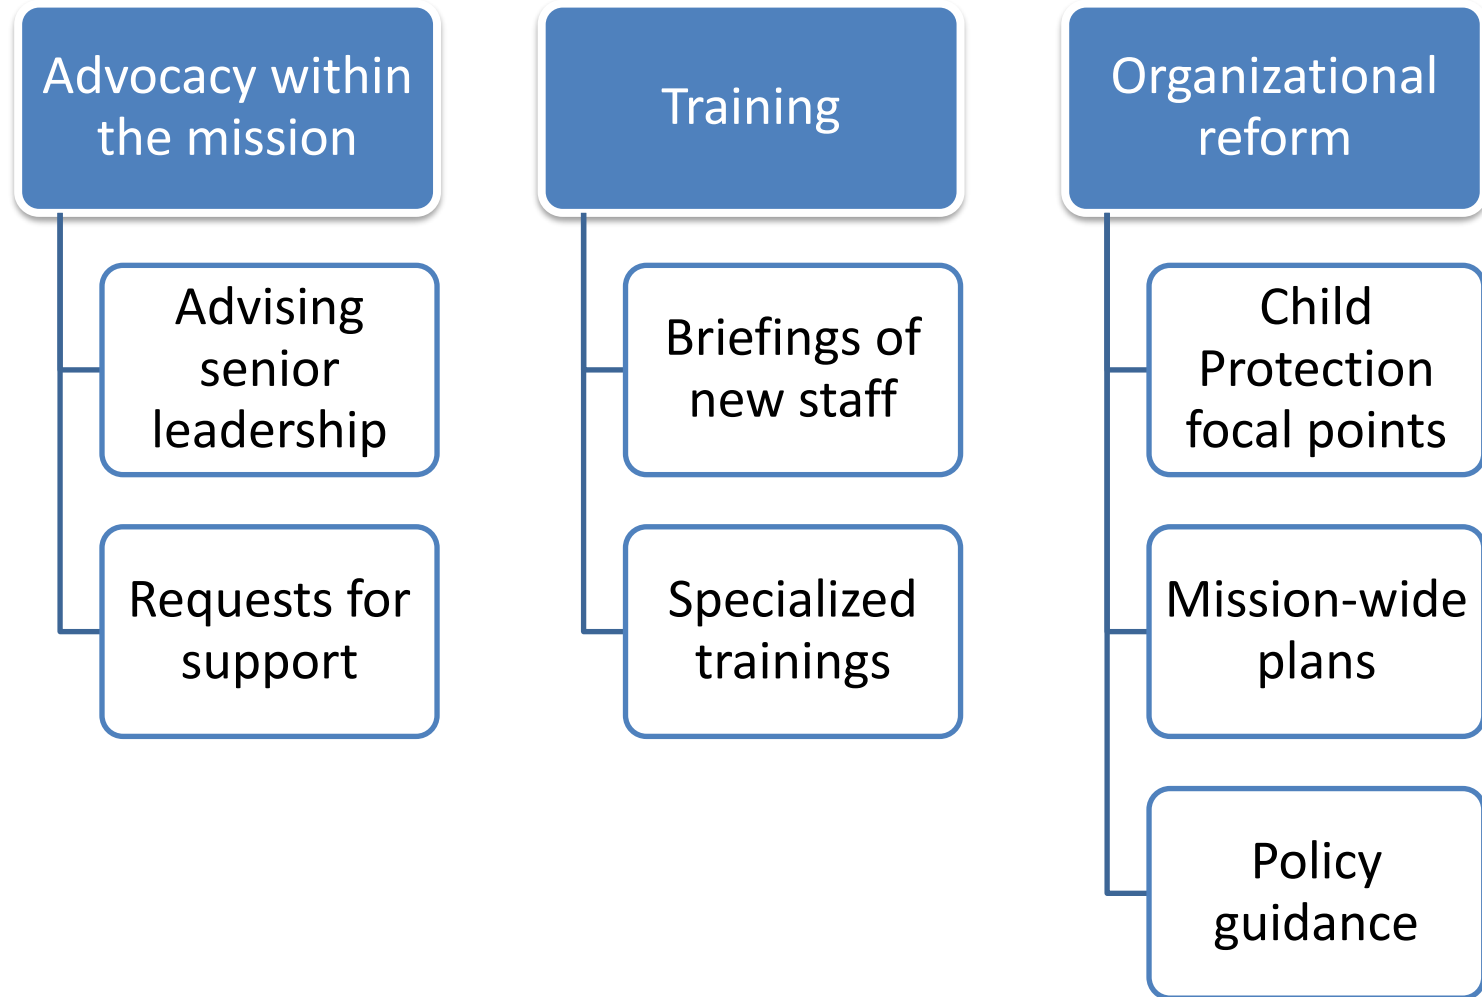

- Explain key approaches to mainstreaming
- Prepare messages to increase the mission's support for child protection
- Design appropriate child protection trainings for various mission components
- Propose options for mission components to engage on child protection

What is mainstreaming?

Mainstreaming approaches

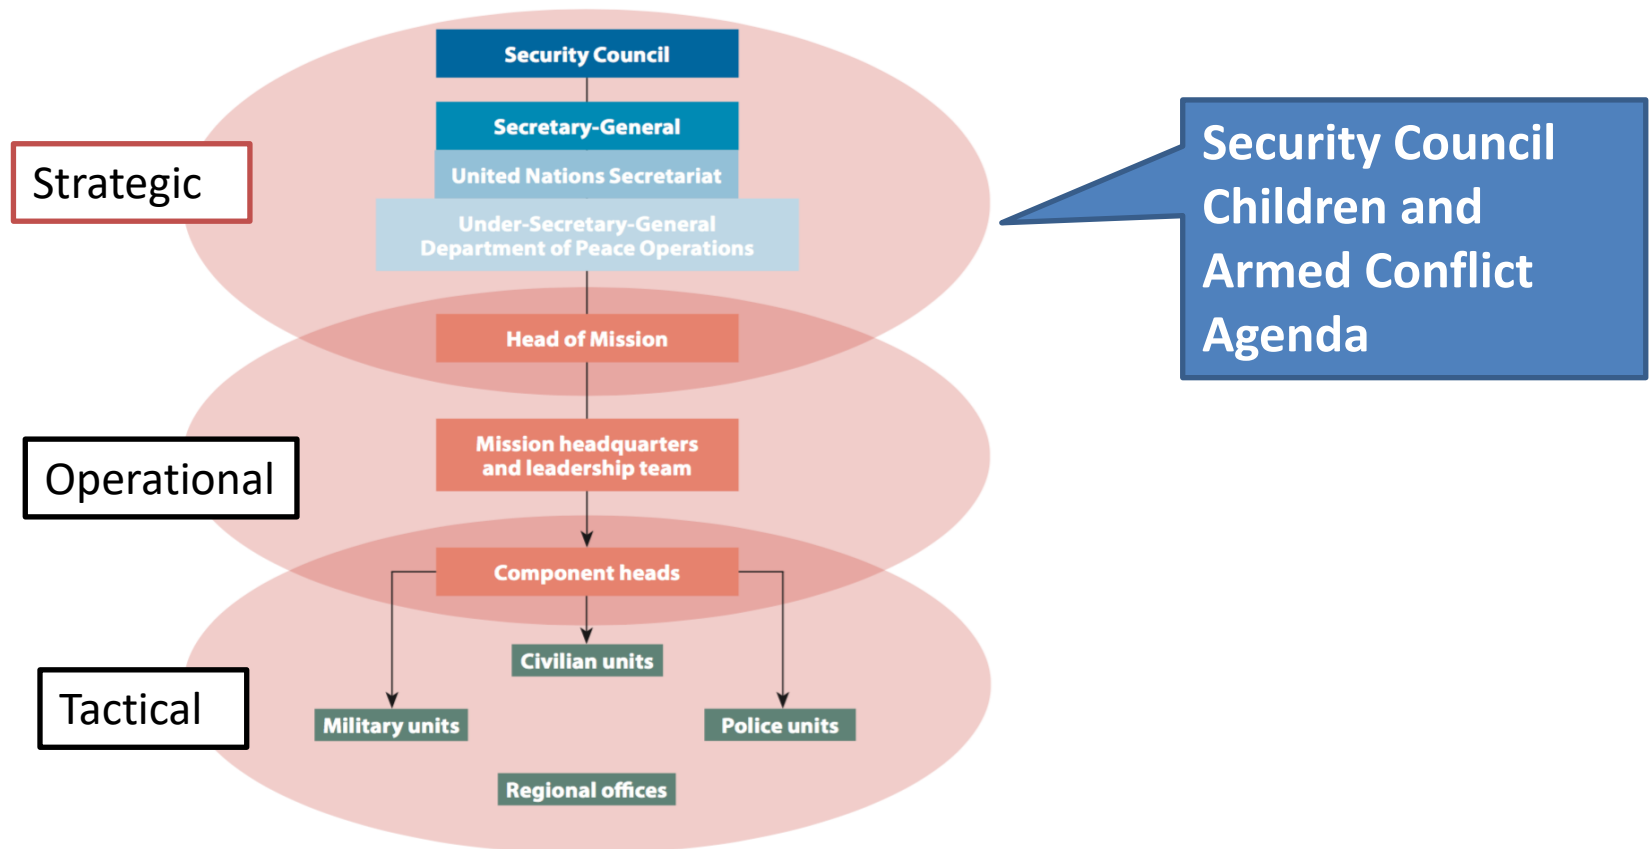

Advocacy within the mission

1. Make it relevant
2. Be consistent
3. Find allies
4. Decentralize
5. ...?

Advocacy within the mission

5. Leverage the mission's strategic components

Group discussion: Training for mission components

1. Which mission components are you currently providing training to, and on what topics?
2. What could you do to improve training?
3. How do you know whether your training is working?

Some practical tips for training delivery

- Structure the presentation
- Contextualize and tailor content
- Involve the audience
- Use visual aids
- Prepare handouts
- Coordinate with colleagues
- Be inclusive

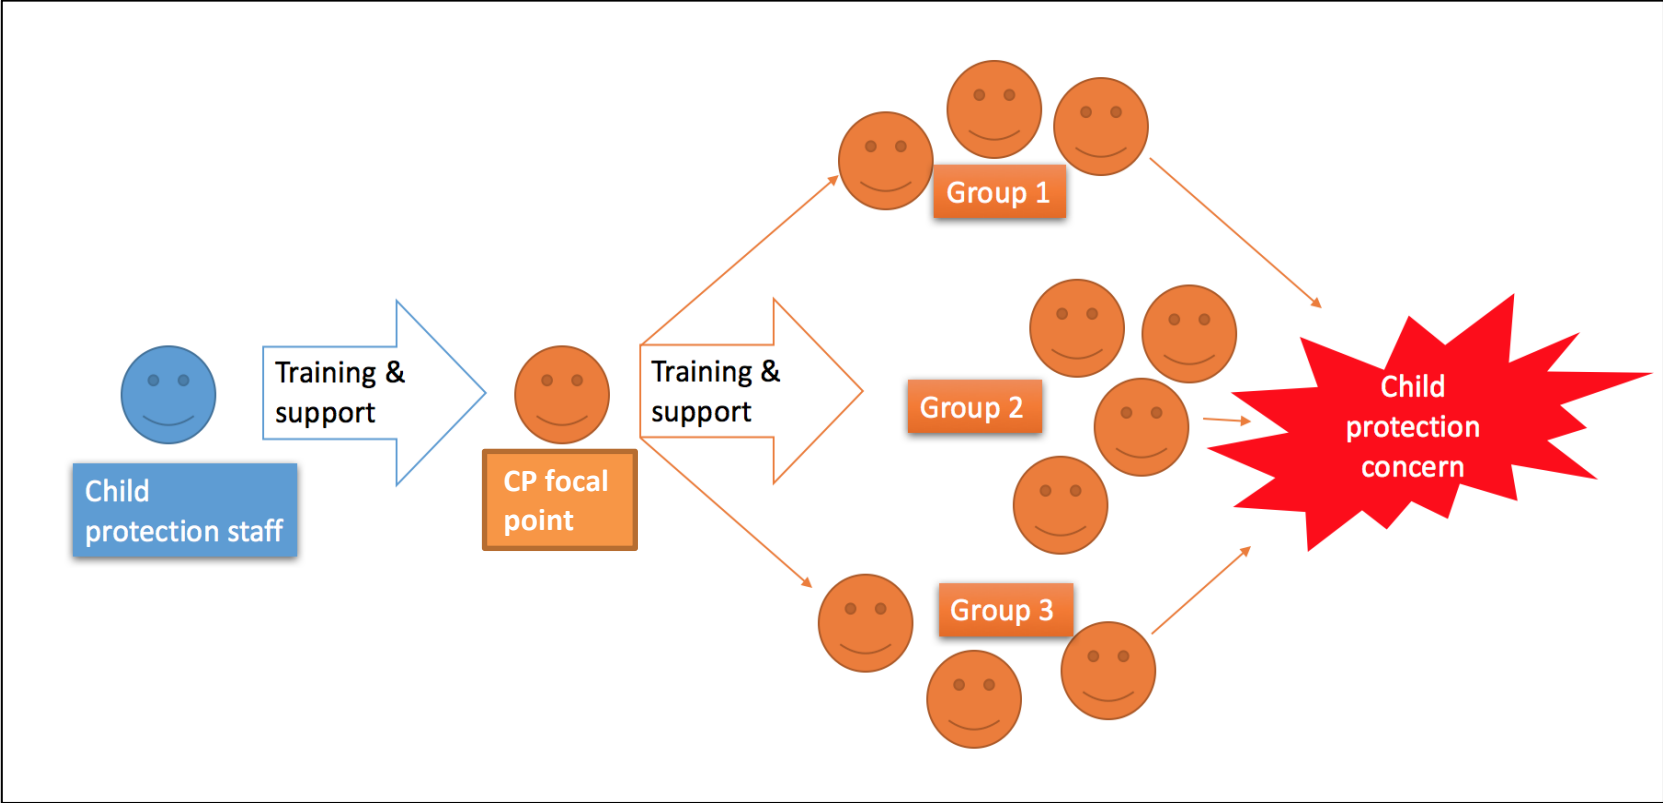

Purpose of organizational reforms

Organizational reforms for child protection mainstreaming in missions aim to:

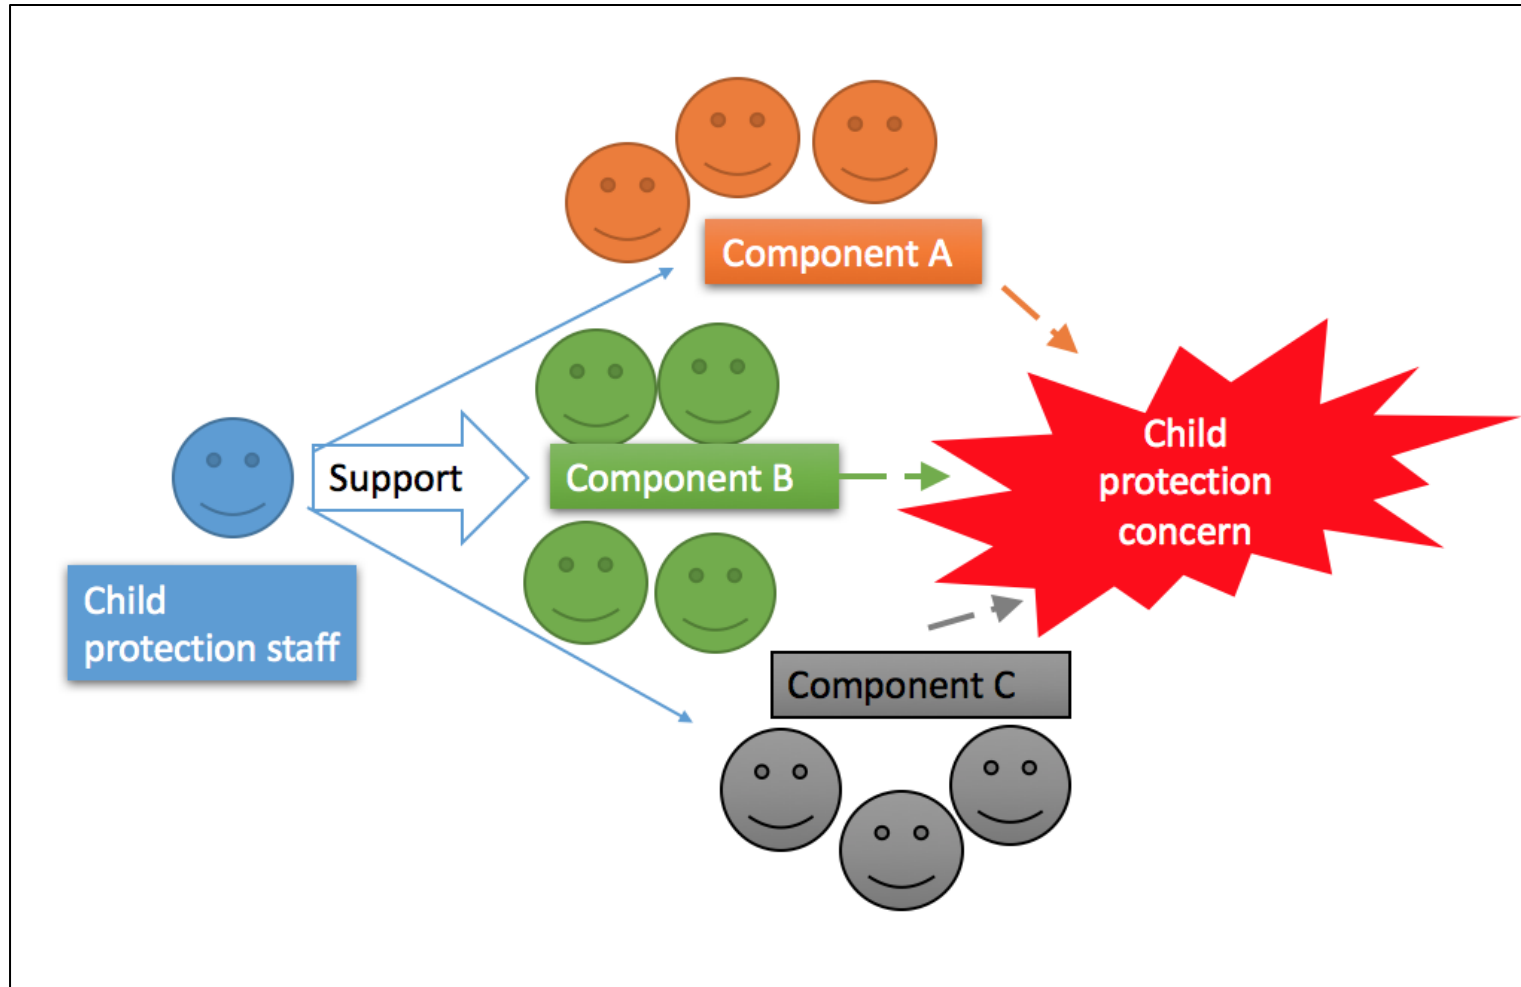

- Empower relevant mission staff to apply child-sensitive approaches
- Contribute to the organization's institutional memory on child protection
- Build ownership among mission staff on the child protection mandate

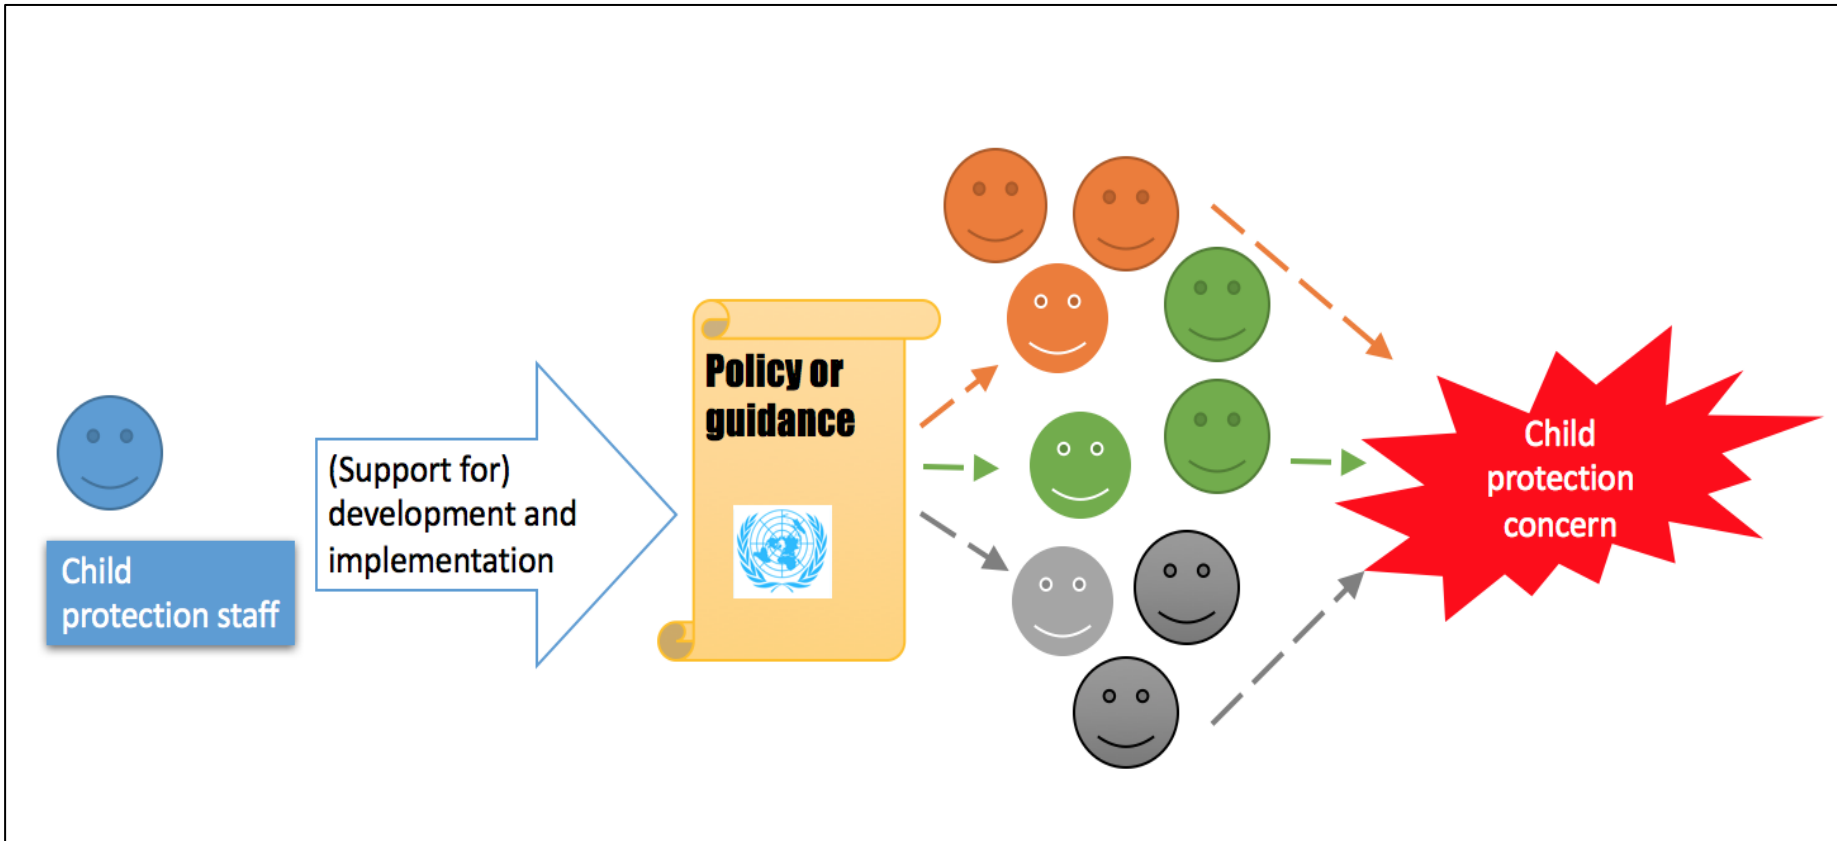

Focal points

Mainstreaming plans

Mission policy and guidance

Group exercise: mainstreaming plan

Tasks:

1. Identify a child protection issue in your mission area
2. Prepare a mainstreaming plan:
 - Which mission components would you involve as partners?
 - What actions should they take?
 - What support would they require from child protection staff?

Takeaways

- Leverage the child protection component's access to mission leadership for advocacy
- Adapt your child protection trainings to the specific audience and always ask trainees for feedback
- Create options for your colleagues in other mission components to support child protection work
- Develop policy or guidance to change your mission's approach on child protection in the long term
